"I loved being able to connect directly with the owners of "Casita Linda" in Tucson, AZ through American Snowbird. **We had some specific needs that we were able to discuss with the owners and they graciously accommodated for our two-month stay.** The condo was luxuriously appointed with everything we needed for the duration and had lots of extra "bonus" comforts, so you could tell the owners really prided themselves in making the stay an experience for their guests. The condo had amazing amenities like a ultra high speed internet, a Keurig, a fireplace, a fully equipped kitchen, and a tranquil patio. It was such an effortless stay to arrange and the owners were wonderful to work with. We were truly sad to leave that cozy space."
